Cricket and National Identity in the Postcolonial Age ...

Sports seems to play an increasing role in contemporary (though mostly banal) forms of nationalism. The case of football (soccer) in Germany is of course striking. More than in 1954, the last world cup was a great step toward a "normalisation" of German nationalism, an unselfconsciousness of the own national identity.

Sport and National Identity | Nationalism Studies

A national identity of the English as the people or ethnic group native to England developed in the Middle Ages arguably beginning with the unification of the Kingdom of England in the 10th century, but explicitly in the 11th century after the Norman Conquest, when Englishry came to be the status of the subject indigenous population.

English national identity - Wikipedia

Sports and National Identity. Sports are an important component of national identity, with success by a national sporting team often seen as an indicator of the value of the nation. Sport is also important in nation-building as it helps create a national identity that distinguishes between "us" and "them," but in a healthy....
