The engine is primer red and has New Holland cast in the side. The block number is 87800157 - HG2 1702. The pad next to the oil pan has the following: SC049143 & 1311028396 1340 which is supposed to be the serial number. The head is a NH casting 87802108. Now here is the mystery, it has 9/16" head studs with 1/2"...

New Holland Oddball Engine - Ford Forum - Yesterday's Tractors

I have a new holland 8970 that the motor went down on. I am wondering if the 7.8 would be a better choice for power over the 456. or if it would even fit in the tractor. The next question I have is would the 456 head fit the 7.8 block. What is the best combination for duable power with the ford/ ne

Ford 456 genesis vs 7.8 - PULLOFF.COM

Ford pretty well learned everything that needed beefing up off of their old tractor engines and many changes were first incorporated in the 7.8L industrial engine. Later into the genesis when it came out in the 1990's. Just because the engine was built at Basildon doesn't mean it had the same issues that the tractors built there have had.
